REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: It is considered that the instant claims are not rejectable under 35 USC 103 or obviousness-type double patenting as set forth in the last Office action for the reason, as state by applicants, that the references relied upon would not suggest the recycle as required by the instant claims. This decision does not rely upon the translation of the priority papers filed by applicants. It is, however, noted that there is a discrepancy between the instant inventive entity and the inventorship set forth in the priority papers that was not addressed by applicants.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
